## CONFESSES ASSAULT BUT SAYS HE IS NOT GUILTY

Although admitting he had assaulted 14-year-old Annie Kelley, a part-Hawaiian girl, on the veranda of the Emerson home on School street, John August Portuguese, entered a plea of not guilty in Circuit Judge Ashford's court today. He declared that the girl was largely responsible for his

committing the crime, adding that he desired to get an attorney and let the court hear the testimony of his witnesses. The case was placed on the calendar to be set for trial.

Pedro Puentes, indicted on a charge of first degree robbery, pleaded not guilty in Circuit Judge Ashford's court today. Bond was fixed at \$500 and the case continued to be set for trial.

## EWA ESTIMATED CROP IS LARGER THAN EXPECTED

Production For 1916 Will Be 3100 Tons Instead of 29,000 as Figured

Ewa Plantation Company's estimate for the 1916 crop has been revised and is approximately 2000 tons greater than the early estimate for the year. The original estimate was 29,000 tons and the revised estimate is 31,000. This increase amounts to about 7 per cent of the estimated crop.

Confirmation of the report that Ewa production for the year is greater than first estimates was given by Thomas H. Petrie at the office of Castle & Cooke, agents for the plantation this morning. Good weather conditions with consequently improved cane growth is the chief reason.

In 1915 Ewa estimated crop was 30,094 tons and actual crop 29,295 tons. This year the crop will be at least 1700 tons greater than last. The company has 7567 acres of cane land.

## DATE OF START MANOA PROJECT NOT YET CERTAIN

Unless there is another hitch in the plans, which appears quite likely today, work on Moana improvements may be started in another ten days. A power of attorney has been received by W. G. Allen, the local representative of F. R. Ritchie, giving him authority to sign the final contract and the required bond.

At first this appeared to be sufficient to guarantee the taking of the final steps at the next meeting of the supervisors Tuesday night, but on examination A. M. Cristy, deputy city attorney, found that the document was not in form to be recorded here, not complying with the Hawaiian law. Today he is attempting to puzzle out some means of avoiding this difficulty.

"I will start work on the project within a few days after the contract is signed and the bond accepted," said Allen this morning, "and 50 or 60 men will be put to work on preliminary work and about 300 within a couple of weeks."

## COMMISSION TO PROBE TRACTION BILL'S MYSTERY

Just who "slipped over" those phrases in the Hilo Traction bill after the governor and public utilities commission approved them, remains a deep and dark mystery.

Secretary Henry P. O'Sullivan said today that Robert W. Shingle had notified him he had nothing to do with the insertion of the half dozen sentences. As reported by the Star-Bulletin yesterday, C. G. Ballentyne, the other Honolulu representative of the company, has disclaimed responsibility.

At the commission's meeting Tuesday afternoon at 2 o'clock the mystery will be delved into further, and the members will have a chance to make some Sherlockian deductions. At present, however, it remains unfathomable.

## PVT. JONES MUST FACE TRIAL FOR DEATH OF FRANE

General Court Martial Will Be Held at Schofield to Fix Blame for Tragedy

Trial for manslaughter must be faced by Pvt. James M. Jones, Battery F, 1st Field Artillery, who is blamed for the death of Pvt. John W. Frane of the same battery and regiment July 4 at Schofield Barracks.

Frane, while intoxicated, fell off a porch at Schofield, striking on the back of his head. Later he quarreled with Jones, who struck him a heavy blow in the face causing him to fall and strike his head again. Whether the original fall or the blow killed Frane will be established by court martial.

Hawaiian department headquarters made out the necessary papers today and will mail them to Schofield so the trial can proceed. The detail for the general court-martial which will try Jones is as follows:

Capt. Augustine McIntyre, 1st Field Artillery; Capt. W. S. Browning, 1st Field Artillery; Capt. Raymond S. Pratt, 1st Field Artillery; Capt. James S. Barney, 4th Cavalry; 1st Lieut. Rene E. De R. Hoyle, 1st Field Artillery; 1st Lieut. T. A. Rothwell, 4th Cavalry; 1st Lieut. George L. Converse, Jr., 4th Cavalry; 2nd Lieut. Dexter C. Rumsey, 4th Cavalry; 2nd Lieut. Betram Frankenberg, 1st Field Artillery; and 2nd Lieut. Leopold J. H. Herwig, 4th Cavalry, judge advocate.

## STIFF SENTENCES FOR MEN WHO STOLE HACK

"You cannot come before this court, plead drunkenness as an excuse for crime, and expect to get by with it," declared Circuit Judge Ashford today. He then sentenced John Andrews and William Kaholokai to serve not less than three years and not less than two years at hard labor, respectively, in Oahu prison. Andrews and Kaholokai pleaded guilty to a charge of first degree larceny. They admitted having stolen a hack, harness and horse, but added that they were drunk and did not know what they were doing. Both have been in jail before.

## THREE YEARS PENALTY FOR STABBING WOMAN

Joaquin Mendezosa told Circuit Judge Ashford today that he was drunk when he slashed a Filipino woman in the back with a dagger. The court retorted with the statement that "drunkenness is an excuse for crime" and sentenced the defendant to serve not less than three years at hard labor in Oahu Prison and pay the costs. Mendezosa was indicted on a charge of assault with a dangerous weapon.

## HONOLULU HOTEL PLAN BACKED BY SAN FRANCISCANS

California Capital to Aid in Building Great Hostelry, is Mainland Report

That the matter of another great hotel for the accommodation of tourists in Honolulu is taking on more definite form is indicated by reports from the mainland. That such plans were in the making was first announced in the Star-Bulletin some months since and from time to time developments have been told of as they arose.

Fuller details of the plan for the large new hotel, names of those who are interested in the undertaking, were published in the San Francisco Chronicle of July 3 under the heading, "Big Tourist Hotel is Planned for Honolulu. San Francisco and Island Financiers Said to be Behind the Project."

Continuing, the article says: "A plan for the construction of a great tourist hotel at Honolulu, it became known in local hotel circles yesterday, is being considered by a group of financiers of San Francisco and Hawaii, said to be headed by Charles Templeton Crocker and his sister, Jennie Crocker Whitman, principal owners of the St. Francis Hotel; the Waterhouse Trust Company of Honolulu, the Alexander Young interests and the Matson Navigation company. It is also said that Mrs. C. T. Crocker, daughter of the late W. G. Irwin, is prepared to invest a share of her fortune in the venture."

The Chesapeake & Ohio Railroad is reported in the market for 1,500 box cars.
